## Position Analysis

Please provide concise, thoughtful responses to the following questions to support your position:

- How does this bill affect Wyoming’s larger business environment (positively or negatively)?
  
- Does this position support the WBA’s 4 priorities of Workforce, Thriving Communities, Global Energy Leadership, and Business climate?
  
- If yes, please provide a description.

---

**Reference to WBA Priorities:**

**Workforce** - The development of a **talented and ambitious Wyoming workforce** – this will include but not be limited to aligning training and higher education with the needs of employers; creating more housing and more childcare.

**Business Climate** - Low and certain taxes for businesses; fewer regulations; and efficient and transparent government services.

**Global Energy Leadership** - Legislation and regulation that encourages a growing energy economy using all forms of energy; provides low-cost energy for businesses and families;

**Thriving Communities** - Infrastructure and services that assure businesses and people can live and thrive here; healthcare and hospitals in our communities; expanding access to broadband or high-speed internet; and amenities that attract young people to Wyoming.
